

DR. ASHWANI CHOPRA

Director
MBBS, MD (Delhi), MRCP (London)
Consultant Physician & Gastroenterologist

To Whom It May Concern

I am pleased to have the opportunity to write this letter of recommendation in full support of Aditya Dixit. As the Director of the Aashlok Hospital in New Delhi I had the pleasure of working with Aditya Dixit, as he was shadowing under my guidance during his summer internship.

The six-week program, from 8th June 2015 to 17th July 2015, gave him the insights of working in the medical profession and the encouragement to pursue a career in healthcare. The activities included shadowing, understanding the administration and operations procedures.

During his time here, Aditya demonstrated a high degree of intellectual curiosity coupled with committed drive and persistence. His work ethic became evident early on as he demonstrated consistent follow through and willingness to take whatever extra steps necessary to thoroughly complete the task at hand. He has a sharp mind and a true willingness. Aditya not only dedicated himself to his work, but also served as a great teammate and colleague, providing a tremendous amount of assistance to all. He was eager to learn from everyone around him and gave the utmost respectful to others' views. He was reliable and mature for his age. He brought a distinctive positive outlook and big heart to his interactions with all.

I would like to reiterate what a pleasure it was to work with Aditya. I have encountered many young, gifted students, although I must say that Aditya certainly distinguishes himself as one of the most memorable.

I truly believe that Aditya will excel in other scientific and academic endeavors, and be an extraordinary asset to any program of which he is a part. Aditya is passionate and highly focused in achieving his goals. I am confident he possesses the right combination of interpersonal skills, intellect and commitment necessary to succeed. His level of curiosity and motivation were key attributes that helped make his internship a successful venture. I believe these same qualities and competencies make him an excellent candidate for any future endeavor.

Please do not hesitate to contact me if you wish to discuss Aditya's performance in more detail.

Sincerely,

Dr. Ashwani Chopra
